

## WALLERAWANG QUARRY BLAST REPORT No: 38

| Date             | 26 <sup>th</sup> September 2023 |
|------------------|---------------------------------|
| Blast Contractor | Premier Drill & Blast           |
| Quarry Operator  | Walker Quarries                 |

## Monitor Readings

|   | Location         | Hwy Intersection   |  |
|---|------------------|--------------------|--|
| 1 | Ground Vibration | 1.10 mm/sec        |  |
|   | Over Pressure    | 106.0 dB(L)        |  |
|   |                  |                    |  |
|   | Location         | Dam Wall           |  |
| 2 | Ground Vibration | 0.64 mm/sec        |  |
|   | Over Pressure    | 104.2 dB(L)        |  |
|   |                  |                    |  |
|   | Location         | Residence          |  |
| 3 | Ground Vibration | 0.74 mm/sec        |  |
|   | Over Pressure    | 102.8 dB(L)        |  |
|   |                  |                    |  |
|   | Location         | Dam Wall Residence |  |
| 4 | Ground Vibration | 0.50 mm/sec        |  |
|   | Over Pressure    | 106.0 dB(L)        |  |

In accordance with Condition 2.7 & 2.8 of DA 344-11-2001, the air-blast overpressure and ground vibration impact assessment criteria will be as presented in Tables 2.2 and 2.3.

Table 2.2: Air blast overpressure impact assessment criteria

| Air blast overpressure level (db (Lin Peak)) | Allowable exceedance  |
|--|---|
| 115  | 5% of the total number of blasts over a period of 12 months |
| 120  | 0%  |

Note: The air blast overpressure values in Table 2.2 apply when the measurements are performed with equipment having a lower cut-off frequency of 2 Hz or less. If the instrumentation has a higher cut-off frequency a correction of 5 dB should be added to the measured value. Equipment with a lower cut-off frequency exceeding 10 Hz should not be used.

Table2.3 Ground vibration impact assessment criteria

| Peak particle velocity (mm/s) | Allowable exceedance  |
|-------------------------------|---|
| 5                             | 5% of the total number of blasts over a period of 12 months |
| 10                            | 0%  |
